Bringing good science people and good jobs together

OCCUPATIONAL HEALTH & SAFETY POLICY

Science People is committed to the health, safety and welfare of all its employees, employees of client organisations and other persons affected by our activities.

If accidents do occur Science People is committed to effective rehabilitation of the injured employee.

Science People believes that these objectives can only be achieved through a systematic approach to these issues and are therefore committed to -

- Comply with all legislative requirements related to Occupational Health & Safety.
- Ensuring that Occupational Health Safety & Rehabilitation is an integral part of our business plan.
- Providing management, employees and client organisations with a clear understanding of this policy and their responsibilities.
- Promoting effective Occupational Health Safety & Injury Management at every opportunity.
- Providing and monitoring effective procedures to mitigate risks in all activities.
- Consultation with employees regarding Occupational Health & Safety issues.
